

Melcourt Quality Policy Statement

Our Aim

To manufacture a range of natural products for the landscape, horticultural, play and other market sectors, of consistent product quality.

- Wherever possible the products comply with relevant British and European standards together with 'chain of custody' requirements.
- Product quality is achieved by adherence to documented production methods, process and product testing.
- All products are manufactured to a published specification.
- All company staff are aware of the company quality policy, the importance of their role within it and where appropriate undertake regular training to support this.
