

Checklist for Loose Impact Absorbing Surface (LIAS) Quotation Comparison

We set out below the essential key issues to be considered when comparing quotations from other LIAS suppliers. You are strongly advised not to buy on price alone.

	Melcourt	Other
Product Specification <ul style="list-style-type: none"> Describe your product as follows:- <ul style="list-style-type: none"> Material type i.e. bark, wood, sand, etc. Origin Nominal particle - millimetres Dust and fine content - % Wood content - % How much product settlement would be expected within 30 days of installation? Does your product comply with the examples of specification, as set out in BS EN 1176 ? 	<p>See Technical Information Sheet</p> <p>Yes</p>	<p>.....</p> <p>Yes/No</p>
Independent Product Testing <ul style="list-style-type: none"> Have your products been fully tested in accordance within the requirements of BS EN 1176 at test depths of:- <ul style="list-style-type: none"> 100 millimetres? 200 millimetres? 300 millimetres? Have your products been fire tested in accordance with the requirements of BS 4790:1987 ? Can I have copies of genuine test certificates, as proof ? What did the tests show? From the BS EN 1176 critical fall height test results, together with the critical fall height of your equipment, what depth of LIAS should be installed on site? 	<p>Yes Yes Yes Yes</p> <p>Yes</p>	<p>Yes/No Yes/No Yes/No Yes/No</p> <p>Yes/No</p>
Product Samples <ul style="list-style-type: none"> Can I have clearly labelled typical product samples? Would the sample match the quality of the material delivered to site? If it doesn't, will the delivered load be rejected? 	<p>Yes Yes Yes</p>	<p>Yes/No Yes/No Yes/No</p>
Product Volume <ul style="list-style-type: none"> Are your product volumes calculated using the 'Bulk Density Method' as set out in European Standards BS EN 12579:2000 and BS EN 12580:2000 ? If not, what system do you use? Do you state a product volume guarantee? If so, what? 	<p>Yes</p> <p>Yes -0/+5%</p>	<p>Yes/No</p> <p>Yes/No</p>
Product Availability and Delivery <ul style="list-style-type: none"> Can I choose the type of delivery vehicle, e.g. tipping, walking floor or flat bed lorry? Can I have my order bulk loose or pre-packed? Can you deliver my order within 48 working hours? Will you deliver within an hour of that requested? Do you have a facility for part vehicle loads or top-up quantities? 	<p>Yes</p> <p>Yes Yes Yes Yes</p>	<p>Yes/No</p> <p>Yes/No Yes/No Yes/No Yes/No</p>
Supplier Credibility <ul style="list-style-type: none"> Do you have the resources to fulfil my requirements? Do you belong to the recognised industry trade association? Would you be able to provide full technical support if I had a problem on site? Do you have adequate Product Liability Insurance? Do you work to a recognised industry Code of Practice? 	<p>Yes Yes Yes</p> <p>Yes Yes</p>	<p>Yes/No Yes/No Yes/No</p> <p>Yes/No Yes/No</p>
